ICEMARC ARES Net Preamble – Revised 05/09/24

QST, QST, QST calling all amateurs.

This is __<your call>__. My name is __<your name>__, and this is the Indiana County Amateur Radio Emergency Services Net.

Tonight's ICEMARC backup Net Control Officer is ____<volunteer name>____.*
Next week's NCO is __<volunteer name>__.*

This net meets on this frequency of 146.745 MHz with a negative offset and a PL of 131.8 every Monday evening at 8:00 PM for check-ins, traffic of general interest, and announcements for ICEMARC. All amateurs are welcome.

Is there any emergency or priority traffic for the net, if so please call now.

Does the Indiana County ACS Officer, Terry, KB3JOD, have anything for the net?

(Read announcements at this time, if any)

This is a directed net. When called please speak clearly and slowly, giving your call sign and state whether or not you have traffic for the net. Traffic will be handled at the conclusion of roll call.

I will now call the active ARES list as I have it.

< Roll call   from ARES Call List > *

Are there any new, missed or late check-ins? Please call now.
(Repeat until nothing heard)

<handle any traffic not handled during role call>

Is there any additional traffic of general interest before we close the net?

This concludes the Indiana County Amateur Radio Emergency Services net for this evening. We wish to thank the Indiana County Emergency Management Agency for the use of the WB3CGY repeater and all those participating this evening.

This is <your call> securing the net at <time> and returning this repeater back to general amateur use.

73 and good evening.

*INFORMATION CHANGES REGULARLY. ALWAYS CHECK FOR UPDATES!
